Notes to the SSKB Administration Agreement

Application of Mechanism for CPI Increase

Where the term is greater than one (1) year, on the anniversary of the Agreement the fees in the Agreement will increase by 5% or CPI (All Groups Brisbane) whichever is the greater. If CPI is negative, fees will remain the same as the prior year. The formula for calculating the review will be as follows:

The CPI Index increase mechanism is calculated using the following formula: AxB

C

Where: A is the fee payable for the year immediately prior to the Review Date;

B is the CPI Index determined for the quarter ending immediately prior to the Review Date;

C is the CPI Index determined for the quarter ending immediately prior to commencement of the year last concluded.

Insurance

The Body Corporate specifically authorises SSKB to obtain quotations for insurance cover for the scheme as required under the Regulation Module, including any other policies that may be specified by the Body Corporate. The Body Corporate also authorise the Manager to pay insurance premiums from the Body Corporate funds.

Where the Body Corporate has not placed the insurance through SSKB's nominated broker, insurance management and processing (including claims) will be carried out as a Fee for Service.

An interactive insurance claim form and information on submitting claims is available on the SSKB website: https://www.sskb.com.au/committee-and-owner-resources/ - go to the Insurance tab.

Fee for Service

The following items are services not included in the base fees, but they may be services required from time to time by the Body Corporate and if performed they will be provided at the rates specified below. Where there is no rate specified then the charge will be calculated at the hourly rates, which are also set out below. All rates exclude GST.
